## DESTEK PATENT ESTABLISHMENT

Destek Patent is a multinational legal practice that provides full range intellectual property (IP) services including trademarks, patents, industrial designs, new plant varieties & more since 1983. Thanks to our workforce of more than 200 qualified in-house staff members, including 50 patent & trademark attorneys, we have been Turkey's top-filer IP firm for more than two decades.

## DESTEK PATENT SERVES WITH;

- More than 200.000 trademarks in national and international area
- More than 40.000 patents / utility models
- Extensive branch service network in Turkey and Europe
- Approximately 300.000 design consultancy and representment
- Service network that spreading to nearly 200 countries
- Strong technological infrastructure

## OUR MARK

The Logo, consists of the letters "D" and "P", which are the initials of the Destek Patent. The empty space in the middle represents "Protected Area". Destek Patent is also reflected in its name as an institution founded to support the business world.
